Espana - Z5014-RI

2 Light Medium Wall Mount

Capturing every nuance of elegant Spanish wrought iron, Espana seems spirited away from a castle in Spain. But that's where the similarity ends. The woven frame with its delicate scrollwork is rugged cast aluminum. The rustic iron finish is virtually weatherproof, and the exquisitely beautiful hammered champagne glass is tempered to resist extreme heat and cold. Old World artistry is now state of the art, in Espana.

- **Die-Cast/sand-cast aluminum components**
- **Finish is treated with UV guard**
